

2nd ImaBio YSN Conference

28th – 30th September 2020

Institut Pasteur, Paris

ImaBio Young Scientist Network

What?

ImaBio Young Scientist Network Conference is a scientific event around key topics in **bio-imaging** organized by PhD students

For who?

For PhD students and post-docs interested in microscopy techniques used in biology from the nano to macroscale level

Confirmed invited speakers:

Florence Niedergang, Institut Cochin, Paris

Antoine Coulon, Institut Curie, Paris

Cyril Favard, Institut de Recherche en Infectiologie, Montpellier

Show your work:

15 min talk or poster...Pick one and be creative!

Due to the Covid-19 pandemics, the conference will be partially* **ONLINE** this year.

But! There still will be presentation & poster contest for valuable prizes and exciting program to follow!

*Pasteurians and keynote speakers can attend the conference in person at Institut Pasteur
